GENERAL

The University of Gibraltar is a not-for-profit independent tertiary institution established in Gibraltar under the University of Gibraltar Act 2015. Its principal mission is to respond to current societal needs as well as to shape personal and professional futures through the pursuit of education, training, and research. The University is committed to innovative partnerships with business, government, charitable foundations, healthcare and educational institutions. It is a regionally facing institution that seeks to be globally engaged and recognised.

ABOUT THE SCHOOL OF HEALTH SCIENCES

The School of Health Sciences aims to prepare graduates to become excellent health care workers and practitioners. It offers programmes at both undergraduate and postgraduate level, all of which are delivered by expert teaching staff and industry experts and designed to meet the demands of contemporary health care practice. In line with the University's focus on participatory and active learning opportunities, class sizes are small and provide an excellent learning experience where students are encouraged to discuss, question and apply academic theories to practice.

JOB PURPOSE

To take a lead role in delivering high-quality teaching, research, scholarly and academic management within the University. To develop and manage learning, teaching and research / professional practice activities that enhance the discipline and support an excellent student experience in line with the University strategy.

MAIN DUTIES AND RESPONSIBILITIES

Learning and Teaching

1. Develop excellence and engage in high-quality learning, teaching and assessment at undergraduate and postgraduate level, predominantly face to face but also using online and blended approaches to learning as required.
2. Develop and deliver a teaching portfolio that reflects best practice and is regularly reviewed and refined through self-reflection, peer-support, student feedback, professional development and scholarly activity.
3. Teach as a member of a School team in a variety of settings from small group tutorials to large lectures and using online / digital technologies (e.g. Canvas) where appropriate.
4. Identify the learning and development needs of students and define appropriate learning objectives, methods and resources to meet their needs.
5. Develop the skills of students, applying appropriate approaches to teaching, enabling them to challenge thinking, foster debate and develop their ability to engage in critical discourse and rational thinking.
6. Supervise the work of students, provide advice on study skills and assist them with learning problems, this includes supervision of placements where appropriate.
7. Select appropriate assessment instruments and criteria, championing best practice within the University around assessment and feedback; assessing the work and progress of students by reference to the criteria and provide constructive feedback to students.
8. Work closely with practice partners with all aspects of the programme in the capacity of Link Lecturer.

Administration, Support and Management

9. Lead the development of the subject discipline within the University through management of curriculum review activity and oversee the development of learning and teaching materials, methods and approaches with guidance from the Head of School.
10. Act as 'programme / module leader' and manage personal administrative tasks including responsibility for the planning of taught programmes.
11. Ensure that relevant **University academic regulations, quality codes, processes and procedures** as described in the University Quality Handbook are implemented effectively; review quality codes and processes and actively contribute to their future development.
12. Contribute to the School and University community through internal and external engagement activities (e.g. School administration, open days, outreach, committee membership, peer support, knowledge exchange, public engagement) taking a leadership role where required.
13. Provide pastoral support for students where appropriate; using listening, interpersonal and empathy to deal with sensitive issues concerning students and provide support.
14. Participate in internal and external networks and events in order to maintain and enhance professional standing in your field as well as promoting, and enhancing the reputation of, the University.
15. Mentor colleagues with less experience and support / advise on personal development and inform the Head of School of same.

Research and Scholarly Activity

16. Actively engage in research and/or professional practice that contributes to the University’s growing research culture and research direction, including the production of peer-reviewed publications, presenting at conferences, authoring books and other forms of output as agreed with the Head of School.
17. Take a lead role in identifying opportunities and writing proposals for external funding for research and/or reach-out activities and contribute to the subsequent delivery of projects that are funded, as agreed with the Head of School.
18. Continually update knowledge and understanding at the forefront of the academic discipline and, if appropriate, also at the forefront of the relevant area of professional practice.
19. Translate knowledge of advances in the subject area or professional practice into the academic programme of study.
20. Engage in approved collaborative partnerships and contribute to the University’s work in influencing leading edge practice, as agreed with the Head of School.

Other

21. Actively promote the mission and values of the University.
22. Act ethically and uphold University’s sustainability commitment at all times.
23. Work within the Health, Safety and Welfare at Work Act 1999; fulfilling the legal duty to take responsible care for own health and safety and others who may be affected by their actions.
24. Support the University’s major events such as Foundation Day, Beacon Lectures, open days, applicant days, interviews, clearing and other key events.
25. Ensure that the highest standards of professional performance are maintained.
26. Promote equal opportunities, diversity and inclusion in the work of the University.
27. Ensure compliance with relevant legislation and statutory codes of practice, as advised.
28. Participate in the University’s performance review and appraisal processes.
29. Ensure all University policies are implemented within the remit of this post.
30. Any other duties as may reasonably be required.

This position description is a guide to the work the postholder will initially be required to undertake. It may be amended from time to time to meet changing circumstances by mutual agreement. It is expected the job description will be regularly reviewed by the postholder and line-manager. These discussions will normally take place during the annual Staff Performance and Development Review (SPDR).

Although the base location is as shown, the role holder may be required to work on any university site or associate campus.

A summary of the essential and desirable attributes appears below and forms part of this position description.
