How do I apply?

Please visit the University of Gibraltar PGCE webpage, and click on the 'Apply' button. An application checklist has been created to ensure you submit all required documentation. Please find link to this checklist here: <https://www.unigib.edu.gi/wp-content/uploads/2019/05/Application-checklist.pdf>

When can I expect to hear if I am successful?

All completed applications will be reviewed after the 1st April 2022 and a list of applicants will be invited for interview. All unsuccessful applicants shall be informed via email.

Will I be required to attend an interview?

If invited, you will be required to attend an interview, expected to take place around the last week in April 2022. Full details will be sent to you should you be short-listed for interview.

How many spaces are available on the programme?

Spaces are limited due to the nature of the course. The University of Gibraltar works to provide its students with a personalised learning experience and to ensure this our programme recruitment is carefully managed.

Will I need to take my Professional Skills Test?

Applicants will be required to have passed the Professional Skills Test exams by the 29th March 2022 to be eligible for a place on this programme. All offers of a place on this programme will be conditional on applicants having successfully passed these exams by said date.

Where can I take my Professional Skills Test?

The Literacy and Numeracy Skills Tests are offered by the University of Gibraltar at its Europa Point Campus. There will be 4 sittings for these tests:

- Wednesday 19th January 2022
- Tuesday 8th February 2022
- Thursday 10th March 2022
- Tuesday 29th March 2022

- Candidates will be able to sit the examinations on any of these days as long as they register to do so.
- Candidates may sit the examinations more than once.
- There will be an administrative fee of £15.00 for each examination, payable on the day of the examination at the University.
- These will be the only dates that the Skills Tests will be on offer. As any candidate wishing to have their application considered must have passed both the numeracy and literacy examinations (they form part of the minimum entry requirements for this programme) it is incumbent on applicants to ensure they book themselves in to sit the examinations.
